The Best of BROADWAY

P R O G R A M

**Notes from the Director,
Danny Mininni**

They say all good things come to those who wait. I have had this show in my head for so many years. The picture changes when I go to a new show, but the concept remains the same... Create a show with the very best and most popular songs from the very best musicals! Why has it taken so long? Well, the BEST show needed the BEST singers and BEST production team! This amazing cast has helped all of the pieces fall into place as if the heavens opened up! Every time I watch them perform, I get tears in my eyes. I am so thankful that we have the "dream recipe" to make this show happen. I hope you enjoy tonight's production, and I look forward to many more years of bringing you the BEST in entertainment!

**Notes from the Music Director,
Marsha Ward Ross**

When I was a little girl, I loved the music of Broadway. My mother used to take me to musicals at our local theater. I would go home, buy the album, and play the songs continuously until it drove my parents crazy. But these songs were embedded into my soul. Each song in this show brings back a precious memory from my life... a story... a vision. When my friend, Danny Mininni, asked me to work with him as the music director for his "Dream" show, I was both honored and excited. How could I resist? It looks like we shared the same dream, the joy and the magic of the music of Broadway.!

**Notes from the Producer,
Alfonso López**

Love makes everything better! I am honored to work with such a dedicated cast that displays the love for their craft and the love they have for each other. Throughout the first two seasons of BEST OF BROADWAY, the cast has become great friends; and, this season, they have welcomed their new cast members with open arms. In the artistic department, it's been a delight working with Marsha Ross, Edgar Román and the tech team, Carlos and Mikey, making Danny Mininni's dream show come true. I love working with all of you, guys! Thank you for bringing so much passion and care to what you do.

The pandemic has reminded us that the performing arts are not essential to survival. In a similar manner, love is not essential to completing a task, working with others, or life in general, but love makes us feel ALIVE. Our love has brought life to this wonderful project - it makes me proud to present to all of you this show, in a moment in history, when we need love the most.

CAST

He is also starring in a new cabaret show, Jersey Boys, which opens on November 9! Marc is originally from Sonora and has performed as a professional singer in some of the most exclusive bars of Guadalajara, San Luis Potosí and México City for many years. Marc loves to play sports, dabble in photography and go to the movies. In addition to his love of music, his other passion in life is his personal growth, consciousness, and spirituality.

Brenda Gaviño

Trained for six years as a classical singer, Brenda Gaviño is now a rock and jazz musician who has had over 15 years of stage experience. She has performed in her own cabaret show at Act2PV, "Linda Ronstadt: In My Voice," and is much loved in Puerto Vallarta! She has also been a huge part of Mexico's jazz scene for the past few years, growing as a comprehensive musician in both voice and piano. The Best of Broadway cast has always considered her a part of the "family," and are so excited to welcome her back to the stage singing alto!

The beautiful Daniela Treviño started writing and singing songs as a young girl and was encouraged to pursue her dreams by her grandmother! She has studied in several universities in México City and has performed all over Mexico. She has also had the privilege of performing for Mexican president, Felipe Calderon. Daniela has worked with Gilles Croix, the co-founder of Cirque, and was chosen as the lead singer for the "Savia" project at Rhythms of the Night. An original member of the Best of Broadway cast, Daniela has also performed her own cabaret shows at Act2PV, including Showgirl and Legendary Ladies. Daniela's dreams are coming true, and Act2PV is so glad that she has brought her special talents to the Act2PV "family."
